

Liver Diet Recipes to Prepare at Home

These two diets were created by veterinary professionals for dogs with liver disease problems. You can choose either of the following two recipes to feed your pet.

DIET 1

Home Canine Liver Disease Diet #1	(1000 g diet)
Chicken, breast with skin	220 g
Rice, cooked	680 g
Carrots (boiled, drained)	60 g
Wheat bran	20 g
Rapeseed oil	20 g

DIET 2

Home Canine Liver Disease Diet #2:	(1000 g diet)
Beef, minced meat, 15% fat	100 g
Tofu	400 g
Rice, cooked	440 g
Carrots (boiled, drained)	30 g
Wheat bran	10 g
Rapeseed oil	20 g

Supplements

In addition to either of these diets give your dog a supplement that contains the ingredients indicated above. Make sure that any selected supplement is low in sodium and copper. A good choice made specifically for this purpose is [PetAlive](#). Check with your veterinarian to see if it would be helpful for your dog's specific condition.
